Start this process as early as possible!

COURSES ABROAD

Courses taken during a semester abroad must be evaluated and approved via the Transfer Credit Approval Form (TCAF).

- First, check the CoE Course Equivalency database to see if your host institution already has courses approved.
- Then follow the TCAF procedures to submit new courses for evaluation.

In the prior fall term, **research programs**!
Consider courses you may want or need to take during your term abroad. **Discuss your plans with your academic advisor**!

**Work on your application & meet with an IPE Advisor. Make an appointment!**

**Application Deadline**
Fall programs have a final deadline in early March.

**Pre-Departure Orientation**
Attend an IPE Pre-Departure Orientation held near the end of the Winter term.

**Departure Preparation**
Start preparing to depart.
- Apply for a visa (if applicable).
- Plan your flight and other travel arrangements.

**Admission & Confirmation**
Decisions are released 1-4 weeks after the final application deadline.
Confirmation is then usually needed 1 week after you’re admitted to a program.

**Programs Depart!**
Program departures and duration depend on your specific program.
